

G - 3A

This diagram shows a cross-sectional view of a multi-layered structure 14. It features a central layer 46 and side layers 50. A central cavity 24 is formed within the structure, and a bottom layer 48 is visible at the base.

G - 3B

This diagram shows a cross-sectional view of a multi-layered structure 14. The structure consists of a central layer 50 and a bottom layer 46. A component 24 is positioned below the bottom layer 46, and a component 48 is positioned to the right of the bottom layer 46. The layers are shown with different hatching patterns to indicate different materials or regions.
